HARBOR DISTRICT NEWS

When April steps aside for May, Harbor District continues to move forward onto its next steps.

Take Our Survey on New Parks, Trails, Water Access, and Land Use in the Harbor District

Over 140 people stopped by the Harbor District Water and Land Use Plan (WaLUP) Public Input Meetings last week Tuesday (4/25) and Thursday (4/27) to learn about and share their thoughts on proposals for new parks, trails, water access, and land use in the Harbor District. While we got a lot of great input and ideas,
we want your thoughts as well. Take our survey at the link below or visit www.harbordistrict.org to see everything that was shared at the meetings and provide your thoughts on the proposals.

The survey should take between 15 and 20 minutes to complete and will be live until Friday, May 12th.

Harbor District WaLUP Public Input Survey

In the News

Recently, Harbor District, Inc. has been spotted in the news. Check out the links below for all the news.

- Harbor District unveiling plans for new parks, riverwalk (Milwaukee Biztimes)
- Public input sought for development of Milwaukee's inner harbor (Milwaukee Journal Sentinel)
- Googly eyed trash wheel could clean up Milwaukee waterways (TMJ4)
- An overflow of ideas for lakefront on the near South Side (gmtoday)
- What do residents want for Milwaukee's Harbor District? (WUWM)
Contribute to the State of Urban Manufacturing in Milwaukee Report by Taking the Urban Manufacturing Alliance’s Survey of Makers and Manufacturers

What is the State of Urban Manufacturing Report?

The Urban Manufacturing Alliance, in partnership with the Greater Milwaukee Foundation and Bader Philanthropies, is conducting research to offer a detailed look at local manufacturing policies and the intermediaries in place to support makers and manufacturers. The State of Urban Manufacturing Report will evaluate publicly available data for 13 urban areas and collect primary data in six cities, including Milwaukee. This survey will help inform policy and improve economic development services at the national and local levels by providing new insight into the impact, opportunities, and challenges of urban manufacturing. The report will be broadly accessible to policymakers, practitioners, media, public officials and the general public. Watch this video to learn more. To participate in the survey, click here.

Interested in becoming more involved in this project? The research team is recruiting participants for focus groups to be held in early summer.

If you have any questions about the survey or are interested in signing up for a focus group, please contact UMA's Milwaukee Community Partners, Kelsey Kaufmann (kelsey@urbanmfg.org) or Martha Cannon (martha@urbanmfg.org).

About the Harbor District Initiative

The Harbor District Initiative brings together local, state, and federal government efforts, the private sector, and community to catalyze the redevelopment of Milwaukee’s Harbor District. Our goal is to create a resilient waterfront that sets the standard for how waterfronts work – environmentally, economically and socially.
